REMEMBER THAT YOUR REGISTRY TAX MUST BE PAID ON OR BEFORE FRIDAY NEXT, THE 24 OF APRIL.

IMPORTANT.

By the 11th section of the Secret Ballot Law, all Registry Taxes must be paid to the Collector by SIX O'CLOCK NEXT FRIDAY AFTERNOON; that is, the law requires the Collector to be at his office from 12 to 6 o'clock, for the last six days before the fourth day preceding the day of voting. We hope to be able fully to comprehend this foolish law, after a while.

The vote throughout the State, at the coming election, will be the largest which has ever been polled in Rhode Island. There are more names, by several thousand, on the Registry List than ever before, and a very large portion of these will exercise the elective franchise at this time. Both parties are very active, and both are making the greatest possible exertion to bring out their strength.

This election is a crisis in the political history of Rhode Island. The question is not simply who shall hold offices in the State during the year; it is one of far greater and more vital importance. The real question is whether our institutions shall remain as they are, or whether they shall be trampled under foot, and their places supplied with all that is dangerous in the doctrines of Dorr, and all that is disgraceful in the ultraism of Tammany Hall Localbooleem, as urged and pressed upon us by Beach Lawrence. It is a question whether this State shall be true to her principles,—or whether it shall be exclusively controlled by foreigners and ambitious demagogues from other States, who never could secure a nomination even for the smallest and most unimportant office, from their own party, in their own State, where they are thoroughly known. George Bancroft and all the prominent Democrats of New York laugh and sneer at the people of Rhode Island for electing William Beach Lawrence to office; they know him there, and they never advanced him in the slightest degree. Has it come to such a pass that the people of old Rhode Island are willing to take up and nurse into political being, men whom the Democracy of New York would not countenance? We hope not.

Men of Rhode Island, reflect well upon these things. We state facts, well authenticated facts, which cannot be controverted; and we ask you, for your own welfare and happiness, as well as that of prosperity, to deliberate well upon these things, before you act at the Ballot Box. All the ultra measures which were proposed at the January session of the Assembly, all the ridiculous resolutions which were offered—such as insuring the State House in Providence, which is owned by the people of the State—were introduced by this New York Lieut. Governor, William Beach Lawrence; and every movement which he made was for political effect, irrespective of the true interests of the people of Rhode Island. Vote for Samuel G. Arnold, a Rhode Island man, who is descended from an ancient Rhode Island family, and who will be influenced in all his actions by what is best for the welfare of his native and beloved State.

A noted locofoco from Block Island was closeted for a long time yesterday with William Beach Lawrence; directly after this, the Block Islander went into a store and asked for a piece of string—it was furnished him, and he tied up a large roll of Bank bills with it! What does all this mean? was this money to purchase hay-seed with, for that green isle of the sea? We should not be surprised if Beach Lawrence was anxious to raise a large crop of green this year; the seed is usually sown Town Meeting day.

An emigrant to Missouri from New Hampshire writes that the people die so fast there that "every man has his third wife, and every woman is a widow."

WHIG CONVENTION.

The Whig Convention for the purpose of nominating suitable persons to be voted for Senator and Representatives, at the ensuing April Election, met on Friday evening, 26th inst., Silas H. Cottrell, Esq., was elected Chairman, and Charles E. Lawton, Esq., Secretary. Several meetings were held, and at the last, the following ticket was unanimously agreed upon:

For Senator.

ISAAC P. HAZARD.  
For Representatives.

HENRY Y. CRANSTON,  
JOSEPH ANTHONY,  
THOMAS R. HUNTER,  
SETH BATEMAN,  
JOHN T. BUSH.

Messrs. Seth W. May, Benjamin Finch and Joseph B. Weaver thanked the freemen for the honors conferred upon them, and declined a re-nomination.

The following Resolutions was adopted:

Resolved, That the proceedings of the Convention be published in the Daily News; and that a Caucus be called for Thursday evening next, to receive the report of the Convention.

In accordance with the above, a meeting of the Whigs of Newport will be held at the Town Hall, tomorrow evening, at half past 7 o'clock, for the purpose of acting upon the above nominations; let there be a rousing meeting of all the good Whigs of Newport.

Newport, March 30, 1852.

MR. EDITOR:—I utterly disclaim all participation, directly or indirectly, in the leader which appeared in the Advertiser of last Wednesday, which was charged to me. If I had have written the article, I should have been the last man to retract. I occasionally write political articles for the Advertiser, but never of a personal character, which course I utterly repudiate and condemn. The article was shown me in manuscript before it was published, and to others, and I thought it quite spruce coming from source which it did, but I have no desire to take that glory from any man.

I received no compensation for my articles; they have been gratuitously beated and thankfully received.

Respectfully yours,

EDWARD PETERSON.

We chearfully insert the above letter as we have no desire to do injustice to any man; and as Mr. Peterson positively denies being the author of the scurrilous article in the Advertiser, we are free to say that we do not consider him a scurrilous writer for that paper, or a hungry lackey for Atkinson, or a scantly looter. Mr. Peterson informs us that the dirty article in question was written by Atkinson, and by him submitted to the Advertiser; if he refrained from association with such men, he would not be liable to such imputations,—men are generally judged by the company they keep.

UP Every Whig must be careful not to write his name upon his ticket, or to make any mark upon his envelope, for if he does, his vote will be lost. Remember this, and let every one caution his neighbor in regard to the matter.

You must not write your name on any of your tickets.

Gen. James, one of the Senators from this State, presided over a locofoco meeting in Providence, last Monday night. He thus defined his position, as reported in the Post:—

After the conclusion of Mr. Davis' remarks, the Chairman, in obedience to repeated calls, arose and very clearly defined his position, about which so much doubt was pretended by the Whigs a year ago. He spoke of the sacrifice he avowed of his principles at that time had cost him; having in consequence been stripped of the earnings of twenty-five years, but he still clung as firmly to Democratic principles as did his forefathers who fought and bled in their defense. Mr. James' brief remarks were received with great applause, and it was evident that he had a strong hold upon the sympathies of the whole audience.

It is actually necessary that American travellers who intend to travel in the interior of Germany, or into Italy, should have their passports vized at the Austrian Legation at Washington, or at Paris or London.

Prof. Olmstead, of Yale College, has in preparation a treatise on the Aurora Borealis, to which, for many years, he has paid much attention, and in regard to which he holds an original theory. His treatise is to be published by the Smithsonian Institute.

THIRTY SECOND CONGRESS.

Washington, March 23.

SENATE.—The chair presented an answer to the call for charges against the Mexican boundary commissioner, stating that no such charges have been filed with the Department but are in private hands.

After a number of petitions were presented, on motion of Mr. Hunter, the deficiency bill was passed by the House, and the bill was taken up, and referred to the committee on finance.

House.—Mr. Brown, of Miss., moved to suspend the rules for the purpose of passing a resolution to take up the Senate bills, giving priority to those not giving rise to debate.

Mr. Clinigan objected, unless the House would consent to consider the bills in regular order.

Mr. Jones, of Tennessee, suggested to take up the Senate bills, whose reference would not be objected to.

Mr. Stanton asked to report the Senate bill to enforce discipline in the navy, and said that it was important that it should be acted upon immediately, as the Japan Expedition was about to sail.

Mr. Venable spoke of the importance of considering that bill.

Mr. Brown declined giving way, but modified his resolution to bills not occasioning a debate.

The motion to suspend the rules was lost.

Mr. Stanton, Tenn., then reported the bill providing for punishment of offenses in the navy.

He explained the provisions of the bill, and the necessity of its immediate passage.

BY TELEGRAPH.

Boston March 23.

It is correctly reported in State street, this morning, that defalcations to the extent of \$73,000, have been discovered in the Suffolk Bank, since Saturday. The officers of the Bank have not yet made their official report. Clerks were engaged all Sunday in investigating the books, and have not yet finished.

THE BISHOP OF WATERFORD.—Soon after the consecration of the late Dr. French, afterwards Archbishop of Tuam, as Bishop of Waterford, he accompanied his father, one Sunday, to the Magdalene Asylum, in Leeson street, Dublin; where, his person being unknown, but his dress indicating his ministerial character, the sexton approached him respectfully, and requested that he would, in compliance with the general rule observed there, when any strange clergyman was present, give his assistance to the chaplain.—He instantly complied with the request, read the service of the day, and, after the sermon was concluded, he was told by the unceremonious chaplain, that his duties were not yet over, and that he expected him to administer the Lord's Supper to the congregation. "In fact," said his Grace, in repeating the anecdote, "the humblest curate in Dublin could not have more of the burden of the day laid upon him. However, I did everything he desired; and after service followed him into vestry, and distributed his scarcely consecrated to me, he said, 'Sir, I am greatly obliged; may I call to whom I am indebted?' The Bishop of Waterford said I; and I shall never forget the poor man's countenance. He seemed thunderstruck; and I was glad to escape from the apologies he was forcing upon me."

During the last year, there were manufactured at the Springfield armory 21,000 muskets, at a cost of \$9.75 for each musket. In 1839, they could not be made at less than \$17.41.

performed the most remarkable cures on record, it has raised the dying invalid from a bed of misery to the scenes of health and pleasure, in a few days. It has put flesh upon the wasted form and new life to the worn-out tank. It will stop the most cruel pangs of pain in an instant, and cure the most tormenting tooth-ache in seconds—most noxious Rheumatic pains in a few minutes—Diarrhea, Dysentery, Neuralgia, Sick Headache, and all other nervous, bilious or rheumatic pains almost instantly. THIS Association organized to enable persons

with limited means, for a small sum, to re-

ceive a free passage to the "Golden Region,"

knowing that many of the most enterprising of

New England are leaving the means to pay the

high prices charged for passage, but still have

the desire for the same chance to apply their en-

ergies and labor with others who may have more

capital. To such of the community, the Asso-

ciation would respectfully invite attention to the

following, viz.,

The subscriptions to the M. B. A. of N. E.,

for emigration to California, will be Five Dollars,

for which, each subscriber will receive a work

now in press, containing the history of the

State, the mines, resources, &c., &c., a work of

interest and value for its true and faithful de-

scription of the Golden Land, in which all persons

book with interesting chapters.

The Association will be limited to five thou-

sand members in the New England States, amongst

which members, will be distributed one hundred

first class passage tickets in A. S. to Cali-

ing that number a first class passage to the Gold

Regions with every facility that can be offered.

By this method the Association will send out

from its subscribers one hundred to California,

with the best of comforts for the voyage. As it

is confidently expected that the list will be closed

on the first of May, all persons who wish to sub-

scribe will please apply to the Agent of the As-
